

# Online Textbook Buyback Form

Get a buyback quote for any textbook, regardless of where you purchased it.

## How it Works

- To start the process, simply print this form, fill it out, scan it and email to [bookstore@wvstateu.edu](mailto:bookstore@wvstateu.edu).
- The bookstore will review the book information and contact you with a buyback quote. This quote will include the buyback value of each textbook and a total value for all textbooks.
- You decide which textbooks you approve to sell back (none, some, or all). Once the bookstore has this information, you will receive a pre-paid shipping label via email so you can ship the books at no cost to you. Please note that the total value of your buyback must be \$30 or more to receive a pre-paid shipping label. If your total buyback value is less than \$30, you can still ship the books at your own cost.
- Once the bookstore receives your textbooks (must be shipped by May 15th, 2020), a check will be mailed to you to complete the transaction.

## Things to keep in mind

- **You can include any textbook, regardless of where you purchased them.**
- The bookstore cannot buy back textbooks with missing pages, water damage or information covered up by markings. So please inspect your textbooks before mailing them. If the book has any of this damage, it will be returned to you with the shipping expense subtracted from your total buyback amount.
- This process should take 7-10 business days once we receive your textbooks in the mail. This allows for inspection of the books, communication via email and mailing a check back to you.
- This method of book buyback is a response to the COVID-19 pandemic which has forced the closure of the WVSVU Bookstore to the public. Therefore, this will be the only semester in which this method of book buyback will be available. When the WVSVU campus and the bookstore reopens, this method of buyback will no longer be available and students will need to visit the bookstore to sell back textbooks.
